Accept Collaboration

We will review access & permission

Collaborators

Give external designers, developers, and marketers access to your store

- ☐ Anyone can send a collaborator request
- ☒ Only people with a collaborator request code can send a collaborator request

 To protect your store's security, all collaborator requests require a request code

Collaborator Request Code

6351

Share this code to allow someone to send you a collaborator request. You will receive an email when they request access.
